RULES OF ENGAGEMENT £45
A long-standing symbol of enduring love, this beautiful evergreen Myrtle bush is a traditional feature of the bridal posy. A beautiful rose for each milestone anniversary...

GODPARENT GIFT £45
A beautiful hazel tree to plant in celebration of one of life’s most important and joyful responsibilities. As the little one grows big and strong this beautiful tree will thrive and provide autumn harvests of delicious nuts.

A fitting gift for those who nurture and defend, Corylus (Hazel) derives from the Greek word meaning ‘helmet’ which describes the distinctive shape of the husk and explains the tree’s association with protection. There is a well-established tradition of bringing branches of hazel into homes to protect against thunder and lightning, and on ocean voyages to guard against shipwreck.

ROUND THE MULBERRY BUSH £42
A healthy young mulberry bush to be planted in honour of the new arrival, and grow in tribute of this most joyful occasion. Long after the bootees and crib are outgrown, this gorgeous mulberry tree will continue to flourish and when the little one is toddling they’ll delight in picking the tasty red berries from their own mulberry bush. The tree arrives in a crate personalised with the name of the baby and date of the birth, christening or naming ceremony.

THE BANANA BOX £34
A totally tropical treat to surprise even the trickiest to buy for. No green fingers or extravagant glasshouse required, this beautiful plant will thrive on a sunny windowsill.
WINE AND VINE CRATES £50
The perfect present for the man who helped you grow and thrive, he’ll enjoy nurturing this healthy grape vine to grow his own wine. We’ve chosen a variety well suited to the fickle British climate, which produces grapes excellent for both eating and wine making. Whilst he awaits his first harvest he’ll enjoy the bottle of outstanding wine that accompanies the grape vine.

FRAGRANT CRABAPPLE CRATE £34
This year we’ll deliver a gift as beautiful and brilliant as your mum. Perhaps one of the most magnificently blooming trees in Britain, this fragrant crabapple will flaunt a spectacular display of fragrant white blossom each and every spring. A bit better than a bouquet!

THE BLUEBERRY BOX £38
Mum always said it was important to send thank you notes, and (as usual) she was right. But now you’re a grown up you can go one better and show your gratitude with a beautiful growing gift. This fruitful pair of blueberry bushes will delight the grower with delicious indigo-coloured fruits, and brighten the garden with brilliant displays of blazing pink autumn colour.

GIN DRINKER’S COMPANION £65
After all that hard work it’s time for them to relax with a glass of something special. We’ve created this gift for those who are particularly particular about their G&T. Alongside a large bottle of the finest small-batch Gin, we’ll send your gin connoisseur a pair of evergreen juniper bushes which will bear the small dark berries that give gin its distinctive flavour and, of course, a supply of fresh lemons.

We know it's not polite to blow our own trumpet, but we're always happy to listen to the tune of a happy customer! toot toot!

Having used the Gluttonous Gardener before, it was a no-brainer to order the potted fig tree and jar of fig jam as an alternative to a Christmas jumper! Completely bowled my Dad over. I can't wait for the next opportunity to surprise and amaze someone with an original and completely apt present! DL Jones

I have bought a few different Gluttonous gift boxes and each one has had a great reaction. The order process is fast and easy and it's great that you can order in advance but pick the date you want something to be delivered, making sure it gets there on a special day. Deborah

I had to find a really personal gift for an anniversary for some relatives who have everything and need nothing. After looking through the Gluttonous Gardener website, I found lots of things to choose from which were much nicer than chocolates or wine - that is so boring - try the Gluttonous Gardener for a gift that won't be forgotten!! Maggie

I couldn't have been better! So impressed first of all by the packaging - not only did it stand up to delivery extremely well, but it looked great too - just what you want to entice someone into opening a gift - they are excited before they have even opened the box. C H

Amazing range of gifts for anyone and any occasion. Really well thought out, beautifully packaged. It was obvious a lot of care and thought goes into these products. I will be back! Rebekah
